- Introductions
- Approval of June Meeting Minutes

The majority of this meeting was spent revising the Membership Packet and the MUSAP Decision Making Policy. A lot of thoughtful work came from this session and I applaud everyone that was present for this process. I will be working on making the revisions to these documents. Once that is complete, I will send them out for review and will make changes until we have a final document approved by the group. I am asking that you make comments and be part of this process-even if you did not attend the meeting. This will become an active working document.

- Review of MUSAP Membership Packet/Norms/Decision Making Policy
 - Corrections or changes/deletions
 - Orientation Manual
See the updated version for comment!
- Youth Council
Updates will be emailed out soon!
- Red Ribbon Planning
Information will be sent out via email shortly!
- State Wide Tavern Association September 21, 22, 23, 2009
Kari Watkins will inform us of MUSAP's involvement with this event at the August meeting.
- Fair August 11 through August 16th
Because we did not have enough volunteers, the Forum will not have a booth at this year's fair. It is unfortunate because we would have been a great fit in the educational portion of the fair.
- Prevention Day September 23
 - Richard Catalano-September 23
 - Jean Kilbourne-September 24
 - Planned Parenthood of Missoula Fundraiser
Planning meetings for this event are taking place over the next few months and everyone is encouraged to participate in those planning meetings in order to make this Prevention Day the best that Missoula has seen! See Mindy or Layci to get more involved!

No August Meeting!

Coming in September we will be voting for Oversight representation!
